

# EU DECLARATION OF CONFORMITY

Herewith,

UNIS d.o.o.

Malešnica 31, HR-10000 Zagreb

Croatia

represented by its Managing Director Alojz Stanić,

declares that the product:

UNIS Smart Lock

product type: T110 / T111

is in conformity with all relevant provisions of Directive 2014/53/EU on radio equipment (RED) and Directive 2014/30/EU on electromagnetic compatibility (EMC):

Applied harmonized standards:

|                                       |                                                                                                                                                                                                        |
|---------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| EN IEC 62368-1:2020<br>/ A11:2020     | Audio/video, information and communication technology equipment - Part 1: Safety requirements.                                                                                                         |
| ETSI EN 301 489-1<br>V2.2.3: 2019-11  | ElectroMagnetic Compatibility standard for radio equipment and services – Part 1: Common technical requirements - Harmonised standard for electromagnetic compatibility.                               |
| ETSI EN 301 489-17<br>V3.3.1: 2024-09 | Electromagnetic Compatibility standard for radio equipment and services – Part 17: Specific conditions for Broadband Data Transmission Systems – Harmonised standard for electromagnetic compatibility |
| ETSI EN 300 328<br>V2.2.2: 2019-07    | Wideband transmission systems -- Data transmission equipment operating in the 2,4 GHz band - Harmonised Standard for access to radio spectrum                                                          |

|                             |                                                                                                                                                                                             |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| EN 62479: 2010              | Assessment of the compliance of low power electrical and electronic equipment with the basic restrictions related to human exposure to electromagnetic fields (10 MHz – 300 GHz).           |
| EN 50663: 2017              | Product standard for assessment of the compliance of electronic and electrical equipment with the basic restrictions related to human exposure to electromagnetic fields (10 Hz – 300 GHz). |
| EN 55032:2015<br>/ A1:2020  | Electromagnetic compatibility of multimedia equipment - Emission Requirements.                                                                                                              |
| EN 55035:2017<br>/ A11:2020 | Electromagnetic compatibility of multimedia equipment - Immunity requirements.                                                                                                              |

Complies with the requirements of Directive 2011/65/EU with the Amendment 2015/863/EU Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS).

Complies with the requirements of Regulation EC 1907/2006 concerning the registration, evaluation, authorisation and restriction of chemicals (REACH).

Complies with the requirements of Directive 2012/19/EU on waste electrical and electronic equipment (WEEE).

The above company shall have the necessary technical documents ready for inspection.

This declaration of conformity is issued under the sole responsibility of the manufacturer.

Place of issue: Zagreb, Croatia

Date of issue: October 1, 2026.

Alojz Stanić, M.Sc., B.Sc. Eng.
